THEIR ANNUAL DAY

CHRISTIAN CHURCH HAD A BIG TIME ON SUNDAY.

DEPARTMENT REPORTS

Show That the Church Work Made Good Progress During the Year—Officers Elected.

The annual congregational meeting of the First Christian church was held Sunday in an all-day session, and was presided over by W. C. Frank, chairman of the official board. The choir gave special music, and after the communion service the offering was taken and a solo given by Mrs. Paul Sawyers of St. Joseph. The various reports were given by the heads of the various departments of the church work, and they all show good progress during the year.

The following officers were elected: J. R. Brink as a deacon to succeed Dr. A. T. Fisher, who has moved to St. Joseph. The other deacons elected were J. H. Saylor, J. D. Frank, E. F. Hamlin, Eugene Rathbun, R. A. Strawbridge, W. A. Miller and Harry Lyle. The two elders elected were W. C. Frank and A. E. Bell.

A basket dinner was given at the noon hour, and after dinner several hymns were rendered by the choir and several talks were given.

The total membership of the church on Sunday was 984, there being 40 members by letter and statement and 28 by primary obedience during the past year. Thirteen letters were granted.

The church has expended \$2,321.30 for repairs and improvements on the building during the year. There was a balance of \$145.95 in the general fund of the church at the end of this year. For missions the church received \$762.30 during the year.

Superintendent G. B. Roseberry of the Bible school reported an average attendance for the year of 263. Money raised from all sources was \$1,018.67. The school contributed from this amount \$118.10 to the church repair fund, \$112.50 to the state Sunday school work, \$300 to the Orphans' home in St. Louis and \$200 toward the salary of Dr. C. C. Drummond, who is supported on the foreign field in India by the church. To the Nodaway County Sunday School association \$25, and the remainder was used in the conduct of the Sunday school.

This was the best report given since the superintendency of W. D. Alkire, now of Pomona, Cal., during the pastorate of Rev. O. W. Lawrence, when the school received the world's banner in its contribution of \$385 to the Orphan's home in St. Louis.

Rev. R. L. Finch, the pastor, was elected general superintendent of the Bible school. Mr. Roseberry has served four years as superintendent in two terms. The study of the Bible school has been divided into the beginners, primary and junior departments will be placed under the graded system for Bible study. All other classes in the school will pursue the International lessons as before.

The reports of the various departments are:

Senior Endeavor society, by Miss Olive Godsey, reports that there was an increase of 47 in membership over 1912, and that a \$200 piano has been purchased, \$100 paid and almost enough cash on hand to meet the next note. The total collections amounted to \$170.55 and the expenditures were \$130.60, leaving a balance on hand of \$39.95.

The Ladies' Aid society, reported by Mrs. James B. Robinson, received \$204.29 during the year, and plus the balance on hand January 1, 1913, made \$731.54. The amount paid out was \$662.44, leaving a balance of \$69.10.

The report of the Intermediate Endeavor society, by Harold Adie, shows it has grown from a membership of 40 to 80, and that the average attendance has been 50. There is a balance of \$6.40 in this department. The society, with the aid of the Bible school, helped twelve families to have a Merry Christmas.

The Mission Circle has a membership of 57 and a balance of \$170.67 on hand. The report was read by Mrs. G. B. Roseberry.

The C. W. B. M. report was given by Mrs. R. L. McDougal for the year beginning September, 1912, and ending October 1, 1913. The total of regular monthly offerings to the general fund was \$48.57, to the state development fund \$24.28, special offerings \$125. Twenty-five dollars of this to the Harlan memorial fund. Other sources, \$5.37. Balance on hand, \$1.25. Total amount for the year \$204.47. A gain

of \$29.07 over the previous year.

Mrs. Harry Todd gave a report of the Junior Endeavor society, which was organized in May, 1913. The Endeavor has a membership of 30 children under the age of 12 years. The dues are 5 cents per month, and the children have just agreed to support an orphan child in one of the church schools at \$18 per year. The first officers of the society were Mary Margaret Richey, president; Mildred Shinabargar, vice president; Mabel Cook, secretary-treasurer. The newly elected officers are: Ethel Henderson, president; Russell Robey, secretary; Chilton Robinson, treasurer. The society is under the supervision of Miss Laura Hawkins, Mrs. H. C. Todd and Mrs. G. B. Roseberry.

In the afternoon the ladies of the church met and organized under a new system of work that has been planned for the Aid society. It will consist of one general organization and four sub-organizations, one in each ward in the city, which will look after the interest of the church throughout the city. Mrs. James B. Robinson was chosen president of the general society, Mrs. George Hartley, secretary, and Mrs. Newton Hagins, treasurer. In the First ward, Mrs. Eugene Rathbun, president; Mrs. W. W. Glass, secretary-treasurer, and Mrs. Ed Hamlin vice president. In the Second ward, Mrs. Frank Garrett, president; Mrs. Harve Booth, vice president; Mrs. Ed Egley, secretary-treasurer. In the Third ward, Mrs. George P. Wright, president; Mrs. R. C. Benight, vice president, and Mrs. J. D. Richey, secretary-treasurer. In the Fourth ward, Mrs. J. W. Ray, president; Mrs. E. D. Holmes, vice president; Mrs. R. L. McDougal, secretary-treasurer. Meetings will be held once each week by the sub-societies and the general society will meet once a month at the church.

THE NEW FILTERS

NOT BEING USED NOW, BUT WILL BE BY END OF WEEK.

TO FLUSH THE MAINS

Water to Have Aluminum Sulphate Treatment—Used With Great Success.

The new filters at the city water plant are not in use now but will be by the end of the week, and then you will see a change in the water. It has been thought that since the filters are installed they were being used, but such is not the case, as the connection to the water main was only made Saturday. It was necessary to heat the filter house, and a big stove was put there.

The mains will be flushed before the filters are put into operation. To do this they will flush the hydrants the latter part of the week, and as much dirty water in the mains as possible will be run off, and then the filters will be put into operation.

The water is to be treated by a treatment known as the aluminum sulphate. It is used at other places with great success and makes the water clear and good for drinking purposes.

The extension of the mains will probably not start before spring if the winter weather is severe at all.

TOO MUCH "SQUABBLING."

So W. A. Burris Resigned as Director of the Farmers Telephone Union—Others to Do So?

W. A. Burris, one of the directors of the People's Telephone Union, tendered his resignation as an officer of that organization last Saturday. Mr. Burris, in speaking of the matter, said that he resigned because he was tired of "squabbling." His resignation has not yet been acted on by the other directors.

It is thought several other directors will resign at their regular meeting next Saturday. The other members of the board are W. M. Mozingo, H. W. Hull, Mike McGettigan, Mike Sherlock, Ernest Wray and J. V. Lynch.

It seems that everything has not been peace and harmony in the board of directors of this telephone company, being an outgrowth of the fight for incorporation.

BANTA WANTS OUT.

Writes a Letter to Mayor Robey and Says Staying in Jail is Tiresome and Monotonous.

Walter Banta, who has been six months in the county and city jail the past year, is getting tired of that life and in a letter to Mayor Robey Monday he writes that he wants out, and for the mayor to write to his father, M. T. Banta, at Shenandoah, Ia., and "tell him where I am, and furthermore tell him I said to effect my release."

The letter goes on and says:

"This will be no more than right for him to comply with my request, for I have paid out of my own pocket here in the last two years over \$108.50 to keep him out of difficulties which would have proved very detrimental to him had I not come to the front with financial aid."

"Furthermore, while running up this year, 1913, I have slept and eaten behind locked iron doors and iron barred windows for approximately 190 days, which is equal to six months and seven days, or equivalent to the number of 570 meals at three meals per day. This gets old, tiresome and monotonous after a certain length of time."

Banta is in the city jail for vagrancy. He has a few months yet to serve on his fine.

Mayor Robey offered to parole Banta if he would remain out of Maryville for a year. Banta refused to accept the parole.

SHOT INTO HOUSE

SHERMAN MUNN ARRESTED ON A SERIOUS CHARGE.

SAYS HE IS NOT GUILTY

From Eight to Ten Shots Fired Into His Brother's Home Saturday Night Near Gaynor City.

A shooting occurred in the Gaynor City neighborhood Saturday night that nearly turned out to be a murder, but for some good luck or other it was averted.

Sherman A. Munn, living in that community, for some reason or other went to the home of his brother, David L. Munn, which is one mile west and one-quarter south of Gaynor City, about 8 o'clock Saturday night with his shotgun. His brother and family, consisting of his wife and several children, had retired for the night, and when Sherman arrived he commenced to shoot in the front windows and also in the upstairs windows. Then he broke open the front door and fired several shots in the house, but all of them took effect in the house. Some eight or ten shots were fired.

When Sherman broke into the house he said: "I am here to kill every one of you." He also said that his brother should have helped him to shred fodder that day instead of going off to a wedding.

No lights were on in the house, and when the first shot was fired David Munn thought it was a party that were on their way to the Stickle home, in that community, to charivari Bert L. Grimmit and his bride, who were married that day at the home of the bride's parents. But at the second shot he aroused all of his family and got together in a downstairs room, and when the intruder broke into the house they were all in one room.

Sherman Munn was finally subdued and left, and his brother, thinking that he might come back, left his own home and went to the house of Mr. and Mrs. Stickle, where they stayed Saturday night.

Munn was arrested Sunday morning by Sheriff Ed Wallace and lodged in jail. He is being held on two charges, one with assault with intent to kill and another with shooting into a dwelling house. He is about 30 years old, is married and has a family of several children, the youngest being a baby of a few months old. He has been in a little trouble from time to time, it is said, and on Saturday was drinking some, but he was not intoxicated, so his brother says. His father is living in the Gaynor City neighborhood and Grant Munn of Maryville is a brother of the young man.

No reason is given for the rash act, as the two brothers have always gotten along well together. David Munn and his family attended that day the wedding of Bert L. Grimmit of Parnell and Elva Stickle, and his brother said that he should have helped him work instead of going to a wedding.

When Sherman Munn was seen by a reporter this morning he said:

"I am not guilty."

He was then asked if he knew who could be the guilty party, and his reply was:

"I have a pretty good opinion that I do, but I will not state who it is at this time. There has been several parties that have been trying to cause trouble between myself and my brother for some time. There has never been any trouble between myself and my brother. My brother is mistaken if he thinks I am the guilty one."

When he was asked as to his age he said:

"I am 30 years old today, and to think that I am locked up in jail."

Munn said he did not want to talk any more about it. He has employed F. P. Robinson as his attorney.

Returned to Oklahoma.

Mrs. Alvin Bingham and daughter left Saturday evening for their home in Cordell, Okla., after a several weeks' visit with her parents, Judge and Mrs. J. K. Alderman.

.....Electrical Gifts.....

As Christmas presents were more widely distributed this year than ever before in the history of the electrical industry. This development is along the line of the "Sane Christmas" now being exploited. Many Maryville people received such useful gifts and it is now up to them to get the most use out of what they have received. These devices stuck away in the cupboard will do you no good and defeat the purpose for which they were given. Put your ingenuity to work to see how many different uses you can find. Any electrical device properly used is an economy and not a luxury. Should you have any difficulty with any new electrical device you received [whether purchased from us or elsewhere let us know and] we will assist you in straightening out the matter without charge.

Commercial Banking

The needs of the community in the line of general banking is the subject of constant and thoughtful consideration by our officers. "No account too large for our capacity—none too small for our most careful attention".

Savings Department

Four per cent interest paid on deposits of One Dollar or more computed semi-annually. This liberal rate with the service rendered is justly making this bank known as the "Home of Savings".

Trust Department

The proper handling of one's estate when they have "passed beyond" is one of supreme importance. Individual executors, administrators and guardians are often inexperienced and some times die before their trust is completed, leaving books and accounts, if any, poorly kept. We have competent, experienced men in this Department and the life of the Trust Company is perpetual. Every entry is made on our books and open through all the ages for the inspection of those interested. Name the FARMERS TRUST COMPANY as executor, administrator or guardian of the estate in which you are interested. We prepare your wills for you free of charge and keep them in our fire proof vaults.

Desiring to have you rejoice with us in the splendid showing which you with our army of customers have made possible, we submit the following statement and wish you the greatest prosperity imaginable for the year and years to come,
